CMSNE 2024 CARING FOR FRAIL ELDER'S CONFERENCE
ENRICHING ELDER EXPERIENCES -
A Case Manager's toolkit - Caring for the Aging
 Saturday, April 27 – 8:00 AM – 3:45 PM
 Sunrise at Newton, Newton, MA
 5.25 RN, CCM & SW credits

Overall Conference Purpose Statement:

Working with and caring for the elder population is challenging, requiring care providers to overcome the multiple barriers encountered. This conference will bring to the forefront tools and knowledge that will help meet the elder patient's needs, while enhancing and enriching their life experience.

Conference topics will include:

- how to navigate the healthcare system for those patients that require complex elder care
- a new understanding of the 2024 CMS Medicare Advantage changes to promote elder healthcare equity
- the utilization of the new Ambient Technology and its impact on reducing healthcare cost, avoiding hospital re-admission and keeping elders safe in their home
- the understanding of how an Elder and Healthcare Attorney can provide resources and direction in protecting an elder's rights
- the practice of being "present" and the impact of bringing positive energy to those elders we serve

These topics along with the collegiality of networking with fellow colleagues will provide the attendee an opportunity to both enhance and enrich their toolkit so as to better care for their aging clients.
